PROFESSIONAL SUMMARY

Junior Software Developer with 1+ year of professional experience at Hollard Insurance, building and maintaining enterprise-grade full-stack applications using C#, .NET 10, Blazor, and Angular. Hollard Codeathon winner. Proven ability to deliver automated testing solutions with Playwright, develop RESTful APIs, and collaborate within Agile teams to ship features across the full SDLC. Strong foundation in SOLID principles, clean architecture, and CI/CD practices. Independently designed and deployed a production website (www.gsaw.org.za) serving a registered political party.

PROFESSIONAL EXPERIENCE

Junior Software Developer | *Hollard Insurance, Johannesburg* | March 2026 - Present

Stack: C#, .NET 10, Blazor, SQL Server, Playwright, Angular, Azure DevOps, Git

- Develop and maintain full-stack insurance applications using C#, .NET 10, and Blazor serving thousands of internal users and policyholders
- Build automated end-to-end test suites with Playwright, reducing manual regression testing cycles and improving release confidence
- Collaborate with cross-functional teams (BAs, PMs, QA) to translate business requirements into production-ready features within 2-week sprints
- Write clean, maintainable code adhering to SOLID principles, clean architecture, and internal coding standards
- Perform unit, integration, and system testing ensuring application reliability across environments
- Won the Hollard Codeathon - delivering an innovative solution under time pressure against competing teams
- Conduct peer code reviews, contribute to technical documentation, and mentor newer team members
- Participate in Agile ceremonies: sprint planning, daily stand-ups, retrospectives, and backlog refinement

Learner - *OutSystems / CIRO* | *Hollard Insurance, Johannesburg* | March 2025 - March 2026

Stack: OutSystems, BPMN, Excel (Advanced), Enterprise Workflow Tools

- Analyzed business processes and data flows for business-critical insurance applications across 7+ enterprise platforms
- Supported end-to-end application workflows including data validation, process mapping, and system integration
- Mastered 7+ enterprise platforms within the first 6 months, demonstrating rapid upskilling and adaptability
- Collaborated with technical teams and business stakeholders to identify process improvements and reduce manual overhead
- Developed domain knowledge in policy management, claims processing, underwriting, and regulatory compliance

Peer Mentor | *Protec STEM Post School* | 2022 - 2024

- Mentored 20+ students in STEM subjects including programming, mathematics, and problem-solving

- Developed individualized learning strategies improving student comprehension and pass rates
- Collaborated with multidisciplinary team to enhance educational support systems

KEY PROJECTS

GSAW Political Party Website | www.gsaw.org.za

HTML5, CSS3, JavaScript, Responsive Design, SEO, POPIA Compliance

- Independently designed, developed, and deployed a full production website for a registered South African political party
- Built multi-page responsive application with membership management, events, news, donations, and voter registration integration
- Implemented POPIA-compliant cookie management, WhatsApp API integration, and social media connectivity

Insurance Complaints Intelligence System | GitHub

Python, FastAPI, React, JavaScript, Data Analytics

- Full-stack analytics system providing SLA metrics, trend analysis, category insights, and repeat-customer detection from CSV data
- RESTful API backend (FastAPI) with interactive React frontend and data visualization dashboards

Policy Claim API | GitHub

C#, .NET 10, SQL, REST API, Clean Architecture

- RESTful API for managing insurance claims with full CRUD operations, status tracking, and Swagger documentation

TECHNICAL SKILLS

- **Programming Languages:** C#, Python, JavaScript, TypeScript, SQL, Java, HTML5, CSS3
- **Backend:** .NET Core, .NET 10, ASP.NET, Blazor (Server & WebAssembly), FastAPI, REST API Development
- **Frontend:** Angular, React, Blazor, Responsive Web Design, CSS Frameworks
- **Testing & Automation:** Playwright, Unit Testing, Integration Testing, End-to-End Testing, System Testing
- **Cloud & DevOps:** Microsoft Azure, Azure DevOps, Git, GitHub, CI/CD Pipelines, Release Management
- **Databases:** SQL Server, Database Design, Query Optimization, Data Management
- **Methodologies:** Agile/Scrum, SDLC, BPMN, Design Thinking, Code Reviews
- **Tools:** Visual Studio, VS Code, OutSystems, JIRA, Microsoft Office Suite (Advanced)
- **Principles:** SOLID, OOP, MVC, Clean Architecture, Separation of Concerns, DRY

EDUCATION

BSc IT in Computer Science and Informatics | January 2022 - November 2024

University of Johannesburg, South Africa

- Coursework: Programming, Database Management, Systems Analysis, Software Development, Data Structures & Algorithms

National Senior Certificate (Bachelor's Pass) | December 2020

Sinthumule Secondary School, South Africa

- Mathematics: 72% (Level 6) | English FAL: 77% (Level 6) | Tshivenda HL: 80% (Level 7)

CERTIFICATIONS

Certification	Issuer	Date
Angular 21 Full Course - Complete Zero to Hero (22 hrs)	Udemy	Jun 2026
GIT and Visual Studio with Azure DevOps Repos for Developers	Udemy	May 2026
Blazor Deep Dive in .NET 10 - Beginner to Advanced (16 hrs)	Udemy	Apr 2026
Google Cybersecurity Professional Certificate (9 Courses)	Google / Coursera	Oct 2025
Crash Course on Python	Google / Coursera	Oct 2025
Skills for a Digital Future - DigComp 2.2 (Level 2-2)	Project Codex	Aug 2025
Certificate in Full Stack Development (32 Credits)	FNB App Academy / IT Varsity	Jul 2025
Microsoft AI Fluency Course	NetCampus Group	Jun 2025
Artificial Intelligence in the 4IR	University of Johannesburg	2023

CORE COMPETENCIES

Analytical Skills: Strong problem-solving abilities, logical reasoning, attention to detail, debugging complex systems

Communication: Effective verbal and written communication, active listening, technical documentation, multilingual

Professional Attributes: Fast learner, time management, accountability, commitment to excellence, self-driven

Interpersonal Skills: Team collaboration, stakeholder engagement, customer service orientation, mentoring

Languages: English (Advanced), Tshivenda (Native), IsiZulu (Moderate), Sepedi (Beginner)

PERSONAL DETAILS

- **Current Status:** Employed - Junior Software Developer at Hollard Insurance
- **Notice Period:** 2 Weeks
- **Disability Status:** None
- **Work Authorization:** South African Citizen - no work permit required

DECLARATION

I hereby confirm that all information provided is true and accurate. I am committed to growing my career in the technology industry and contributing to innovative, high-quality software solutions.
